**FOR IMMEDIATE RELEASE**

## **TOM KRUSE EXPANDS PROFESSIONAL EXPERTISE WITH MANUAL THERAPIST CERTIFICATION**

Lincoln Orthopedic Physical Therapy (LOPT) announced this week that a member of the company's professional physical therapy staff, Tom Kruse, MPT, MTC has recently completed a three year post-graduate program in Manual Therapy. Mr. Kruse joins Steve Benson, PT, OCS, MPT as the only other physical therapist in the Lincoln area to complete this advanced certification training. Mr. Kruse is a graduate of Doane College and received his Masters degree in physical therapy from the Mayo Clinic in 2000.

Mr. Kruse specializes in orthopedic problems of the spine and extremities and he practices at the Lincoln Orthopedic Physical Therapy office located at 84<sup>th</sup> and Holdrege Streets in Lincoln, Nebraska.

Lincoln Orthopedic Physical Therapy is Lincolns' largest free-standing out patient physical therapy clinic specializing in orthopedic problems. Founded in 1982, the organization has three full service clinical locations to serve the Lincoln area. LOPT offers a complete array of rehabilitation and therapy services provided by eight certified physical therapists, an occupational therapist, two manual therapists and access to clinical psychologists. LOPT is affiliated with all major medical providers and provides extended office hours from 7:00 AM to 6:00 PM, Monday through Friday.

For more information about how manual therapy improves traditional physical therapy treatments, please call Tom Kruse at 402-484-7117 or Jake DeNell at 402-420-2626.
